INVEST IN YOURSELF: FINANCIAL SELF-CARE FOR WOMEN—
THREE-PART SERIES FOR THE SEASONS OF YOUR LIFE

# Part two: Cultivating your garden

Today, women control the majority of wealth in America. With this wealth comes more financial responsibility and complexity, often intertwined with juggling careers, caregiving and life's transitions. Join us as we walk through the RBC Wealth Management Family Inventory planning notebook, which is a practical guide designed to help you gather a comprehensive list of all information pertaining to your family's current financial status. Completing this inventory is the first step in developing your estate plan. In addition, you'll hear from guest speaker Nicole Hewitt with HWK Law Group, LLC, who will share with us the basics of estate planning, answer questions and share how her practice helps prepare, plan and protect your financial legacy. Spend an afternoon with us cultivating your financial garden and continuing to learn how to financially empower yourself and those around you! Bring a friend or two! Spread the word!
